

SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking Product identifier		
Product name	: Black Toner for ECOSYS P3045dn	
Consumable name	: TK-3164	
Relevant identified uses o	f the substance or mixture and uses advised against	
Identified uses	: The image formation of our electrophotographic equipments. Other uses are not recommended.	
Details of the supplier of the safety data sheet		
Manufacturer	: KYOCERA Document Solutions Inc.	
Address	: 1-2-28 Tamatsukuri, Chuo-ku, Osaka 540-8585, Japan	
Supplier	: KYOCERA Document Solutions Australia Pty. Ltd.	
Address	: Level 3, 6-10 Talavera Road,North Ryde,New South Wales 2113, Australia	
Telephone number	: +61-2-9888-9999	
Emergency telephone number		

: 131 126 (24 hours) Poison Information Centre.

SECTION 2: Hazards identification

Classification of the substance or mixture

Classification according to GHS under the WHS Regulations

: Not classified as hazardous mixture.

GHS label elements

: Not applicable.

Other hazards

See section 4 and 11 for information on health effects and symptoms. See section 9 for dust explosion information.

SECTION 3: Composition/information on ingredients

Chemical name	Identifier	Weight%
	CAS No.	
Polyester resin	Confidential	40-50
Magnetite	Confidential	35-45
Wax	Confidential	1-5
Amorphous silica	7631-86-9	< 2
Titanium dioxide	13463-67-7	< 1

Information of Ingredients

See section 8 for the information of occupational exposure limits.

SAFETY DATA SHEET

SECTION 4 :	First aid	measures
--------------------	-----------	----------

Description of first aid measures		
Inhalation	: Remove from exposure to fresh air and gargle with plenty of water.	
	Consult a doctor in case of such symptoms as coughing.	
Skin Contact	: Wash with soap and water.	
Eye Contact	: Flush with water immediately and see a doctor if irritating.	
Ingestion	: Rinse out the mouth. Drink one or two glasses of water to dilute.	
	Seek medical treatment if necessary.	
Most important symptoms	and effects, both acute and delayed	
Potential health effects and symptoms		
Inhalation	: Prolonged inhalation of excessive dusts may cause lung damage.	
	Use of this product as intended does not result in prolonged inhalation of excessive toner dusts.	
Skin contact	: Unlikely to cause skin irritation.	
Eye contact	: May cause transient eye irritation.	
Ingestion	: Use of this product as intended does not result in ingestion.	
Indication of any immediate medical attention and special treatment needed		
	Numerical Protocol of the second device on the later	

: No additional information available.

SECTION 5: Firefighting measures				
Extinguishing media	Extinguishing media			
Suitable extinguishing media	: Water spray, foam, powder, CO ₂ or dry chemical.			
Unsuitable extinguishing media	: None specified.			
Special hazards arising from the substance or mixture				
Hazardous combustion products	: Carbon dioxide. Carbon monoxide.			
Advice for firefighters				
Fire-fighting procedures	: Pay attention not to blow away dust.			
	Drain water off around and decrease the atmosphere temperature to extinguish the fire.			
Protective equipment for firefighters	: None specified.			

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

: Avoid inhalation, ingestion, eye and skin contact in case of accidental release. Avoid formation of dust. Provide adequate ventilation.

Environmental precautions

: Do not allow to enter into surface water or drains.

Methods and material for containment and cleaning up

Method for cleaning up : Gather the released powder not to blow away and wipe up with a wet cloth.

SAFETY DATA SHEET

SECTION 7: Handling and storage

Precautions for safe handling

- : Do not attempt to force open or destroy the toner container or unit.
- See installation guide of this product.

Conditions for safe storage, including any incompatibilities

: Keep the toner container or unit tightly closed and store in a cool, dry and dark place keeping away from fire. Keep out of the reach of children.

SECTION 8: Exposure controls/personal protection

Control parameters

(Reference data)

US ACGIH TLV (TWA)

Particles: 10 mg/m³ (Inhalable particles), 3 mg/m³ (Respirable particles) Titanium dioxide: 10 mg/m³

US OSHA PEL (TWA)

Particles: 15 mg/m³ (Total dust), 5 mg/m³ (Respirable fraction) Amorphous silica: 80 mg/m³/%SiO₂ Titanium dioxide: 15 mg/m³ (Total dust)

Australian exposure standards : Workplace Exposure Standards for Airborne Contaminants, Appendix A	
Titanium dioxide: TWA 10 mg/m ³	

Exposure controls

Appropriate engineering controls	: Special ventilator is not required under normal intended use. Use in a well ventilated area.
Personal protective equipment	: Respiratory protection, eye protection, hand protection, skin and body protection are not required under normal intended use.

SAFETY DATA SHEET

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Appearance

Appearance	
Physical state	: Solid.
	(Fine powder)
Color	: Black.
Odor	: Odorless.
Odor threshold	: No data available.
рН	: No data available.
Melting point	: 125 °C (Toner)
Initial boiling point and boiling range	: No data available.
Flash point	: No data available.
Evaporation rate	: No data available.
Flammability (solid, gas)	: No data available.
Upper/lower flammability or explosive	: No data available.
limits	
Vapour pressure	: No data available.
Vapour density	: No data available.
Relative density	: 1.5-2.0 g/cm³ (Toner)
Solubility(ies)	: Almost insoluble in water.
Partition coefficient: n-octanol/water	: No data available.
Auto-ignition temperature	: No data available.
Decomposition temperature	: No data available.
Viscosity	: No data available.
Explosive properties	: No data available.
Oxidising properties	: No data available.
Other information	
Dust explosion properties : Dust ex	plosion is improbable under normal inter
Eveerir	nontal avalagivances of tanar is glassifi

Dust explosion is improbable under normal intended use. Experimental explosiveness of toner is classified into the same rank such kind of powder as flour, dry milk and resin powder according to the pressure rising speed.

SECTION 10: Stability and reactivity			
Reactivity	: No data available.		
Chemical stability	: This product is stable under normal conditions of use and storage.		
Possibility of hazardous reactions	: Hazardous reactions will not occur.		
Conditions to avoid	: None specified.		
Incompatible materials	: None specified.		
Hazardous decomposition products	: Hazardous decomposition products are not to be produced.		

SAFETY DATA SHEET

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity Oral (LD ₅₀)	:	> 2000 mg/kg (rat) (Based on test result of similar product.) (Toner)
Dermal (LD ₅₀)	:	No data available. (Toner)
Inhalation (LC ₅₀ (4hr)) Skin corrosion/irritation Acute skin irritation		 > 5.0 mg/l (rat) (Based on test result of similar product.) (Toner) Non-irritant (rabbit) (Based on test result of similar product.) (Toner)
Serious eye damage/irritation Acute eye irritation Respiratory or skin sensitisati	: on	Minimal irritant (rabbit) (Based on test result of similar product.) (Toner)
Skin sensitisation Germ cell mutagenicity	:	Non-sensitiser (mouse) (Based on test result of similar product.) (Toner)
		Ames Test is Negative. (Based on test result of constituent materials.) (Toner)
Information of Ingredients Carcinogenicity	:	No mutagen, according to MAK, TRGS905 and (EC) No 1272/2008 Annex VI.
Information of Ingredients	:	No carcinogen or potential carcinogen according to IARC, Japan Association on Industrial Health, ACGIH, EPA, OSHA, NTP, MAK, California Proposition 65, TRGS 905 and (EC) No 1272/2008 Annex VI.
(except titanium dioxide)		

(except titanium dioxide)

The IARC reevaluated titanium dioxide as a Group 2B carcinogen (possibly carcinogenic to humans) as the result of inhalation exposure test in rats. But, oral/skin test does not show carcinogenicity. (*2) In the animal chronic inhalation studies for titanium dioxide, the lung tumor was observed in only rats. It is estimated that this is attributed to the overload of rat's lung clearance mechanism (overload phenomenon). (*3) The inhalation of excessive titanium dioxide dose not occur in normal use of this product. Also, epidemiological studies to date have not revealed any evidence of the relation between occupational exposure to titanium dioxide and respiratory tract diseases.

SAFETY DATA SHEET

Reproductive toxicity		
Information of Ingredients	: No reproductive toxicant according to MAK, California Proposition 65, TRGS905 and (EC) No 1272/2008 Annex VI.	
STOT-single exposure	: No data available.	
STOT-repeated exposure	: No data available.	
Aspiration hazard	: No data available.	
Chronic effects	 In a study in rats by chronic inhalation exposure to a typical toner, a mild to moderate degree of lung fibrosis was observed in 92% of the rats in the high concentration (16 mg/m³) exposure group, and a minimal to mild degree of fibrosis was noted in 22% of the animal in the middle (4 mg/m³) exposure group. (*1) But no pulmonary change was reported in the lowest (1 mg/m³) exposure group, the most relevant level to potential human exposures. 	
Other information	: No data available.	
SECTION 12: Ecological i Ecotoxicity Persistence and degradabili Bioaccumulative potential Mobility in soil Other adverse effects SECTION 13: Disposal co Waste treatment methods	 No data available. No additional information available. 	
SECTION 14: Transport information		
UN number	: None.	
UN proper shipping name	: None.	
Transport hazard class(es)	: None.	
Packing group	: None.	
Environmental hazards	: None.	
Special precautions for use		
Transport in bulk according	to Annex II of MARPOL73/78 and the IBC Code	
	: Not applicable.	

SECTION 15: Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture US regulations

All ingredients in this product comply with order under TSCA.

Canada regulations

This product is not a WHMIS-controlled product, since we consider it as a Manufactured article.

EU regulations

This product is not classified as hazardous mixture according to Regulation (EC) No 1272/2008 (CLP).

This product does not contain substances which present a health or environmental hazard within the meaning of CLP.

SAFETY DATA SHEET

SECTION 16: Other information

To the best of our knowledge, the information contained herein is accurate. However, we cannot assume any liability whatsoever for the accuracy or completeness of the information contained herein. The contents and format of this SDS are in accordance with Model Code of Practice for Preparation of Safety Data Sheets for Hazardous Chemicals.
